

# Galaxy Panel Digital Signage

1

Features a buttonless tempered glass face, rounded corners, super slim profile and aluminium frame all add to their eye-catching tablet like aesthetics.

2

The Galaxy Panel is fitted with commercial grade panels providing a wide viewing angle, improved colour, contrast and brightness as well as the ability to be used 24 hours a day.

3

With an eco-friendly power timer and low consumption LED backlight you can be assured of their green credentials and low operating costs.

## Keep Your Advertising Fresh!

Also included is simple and intuitive piece of scheduling software which allows you to Schedule different content to play at different times of the day. As well as this the Galaxy Panel digital signage features scrolling text to compliment your content and get your message across.

## Connects to PCs & Media Players

Galaxy Panel digital signage feature HDMI and VGA inputs, allowing you to connect any number of external devices such as a PC or external media player.

The Galaxy Panel includes a free wall bracket allowing you to mount your display in both landscape and portrait orientations.
